INDEPENDENT AUDITORS' REVIEW REPORT

The Board of Directors and Shareholders
Froch Enterprise Co., Ltd.

Introduction

We have reviewed the accompanying consolidated balance sheets of Froch Enterprise Co., Ltd. (the "Company") and its subsidiaries (collectively, the "Group") as of March 31, 2022 and 2021, and the related consolidated statements of comprehensive income, the consolidated statements of changes in equity and cash flows for the three months then ended, and the related notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the "consolidated financial statements"). Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

Scope of Review

Except as explained in the following paragraph, we conducted our reviews in accordance with Statement of Auditing Standards No. 65 "Review of Financial Information Performed by the Independent Auditor of the Entity". A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As disclosed in Note 10 to the consolidated financial statements, the financial statements and the notes of non-significant subsidiaries included in the consolidated financial statements referred to in the first paragraph were not reviewed. As of March 31, 2022 and 2021, combined total assets of these non-significant subsidiaries were NT\$312,625 thousand and NT\$235,158 thousand, respectively, both representing 2% of the consolidated total assets, and combined total liabilities of these subsidiaries were NT\$64,697 thousand and NT\$83,094 thousand, respectively, both representing 1% of the consolidated total liabilities; for the three months ended March 31, 2022 and 2021, the amounts of combined comprehensive income (loss) of these subsidiaries were NT\$18,711 thousand and NT\$2,546 thousand, representing 4% and 2%, respectively, of the consolidated total comprehensive income.

Qualified Conclusion

Based on our reviews, except for adjustments, if any, as might have been determined to be necessary had the financial statements of the non-significant subsidiaries as described in the preceding paragraph been reviewed, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as of March 31, 2022 and 2021, and its consolidated financial performance and its consolidated cash flows for the three months then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Accounting Standard 34 “Interim Financial Reporting” endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors’ review report are Ting-Chien Su and Lie-Don Wu.

Notice to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, financial performance and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to review such consolidated financial statements are those generally applied in the Republic of China.

For the convenience of readers, the independent auditors’ review report and the accompanying consolidated financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. If there is any conflict between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese-language independent auditors’ review report and consolidated financial statements shall prevail.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED MARCH 31, 2022 AND 2021 (Reviewed, Not Audited) (In Thousands of New Taiwan Dollars, Unless Stated Otherwise)

1. GENERAL INFORMATION

Froch Enterprise Co., Ltd. (the “Company”) was incorporated in October 1984. It mainly manufactures and sells various stainless steel tube, steel tube, copper tube and aluminium tube.

The Company’s shares have been listed on the Taiwan Stock Exchange (TWSE) since December 1998.

The consolidated financial statements are presented in the Company’s functional currency, the New Taiwan dollar.

2. APPROVAL OF FINANCIAL STATEMENTS

The consolidated financial statements were approved by the Company’s board of directors on May 4, 2022.

3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS

- a. Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the “IFRSs”) endorsed and issued into effect by the Financial Supervisory Commission (FSC)

The initial application of the IFRSs endorsed and issued into effect by the FSC did not have material impact on the Group’s accounting policies.

- b. New IFRSs in issue but not yet endorsed and issued into effect by the FSC

<u>New IFRSs</u>	<u>Effective Date Announced by IASB (Note 1)</u>
Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets between An Investor and Its Associate or Joint Venture”	To be determined by IASB
IFRS 17 “Insurance Contracts”	January 1, 2023
Amendments to IFRS 17	January 1, 2023
Amendments to IFRS 17 “Initial Application of IFRS 9 and IFRS 17 - Comparative Information”	January 1, 2023
Amendments to IAS 1 “Classification of Liabilities as Current or Non-current”	January 1, 2023
Amendments to IAS 1 “Disclosure of Accounting Policies”	January 1, 2023 (Note 2)
Amendments to IAS 8 “Definition of Accounting Estimates”	January 1, 2023 (Note 3)
Amendments to IAS 12 “Deferred Tax related to Assets and Liabilities arising from a Single Transaction”	January 1, 2023 (Note 4)

Note 1: Unless stated otherwise, the above New IFRSs are effective for annual reporting periods beginning on or after their respective effective dates.

Note 2: The amendments will be applied prospectively for annual reporting periods beginning on or after January 1, 2023.

Note 3: The amendments are applicable to changes in accounting estimates and changes in accounting policies that occur on or after the beginning of the annual reporting period beginning on or after January 1, 2023.

Note 4: Except for deferred taxes that will be recognized on January 1, 2022 for temporary differences associated with leases and decommissioning obligations, the amendments will be applied prospectively to transactions that occur on or after January 1, 2022.

As of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact that the application of other standards and interpretations will have on the Group's financial position and financial performance and will disclose the relevant impact when the assessment is completed.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Statement of compliance

These interim consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IAS 34 "Interim Financial Reporting" as endorsed and issued into effect by the FSC. Disclosure information included in these interim consolidated financial statements is less than the disclosure information required in a complete set of annual consolidated financial statements.

b. Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments which are measured at fair value and net defined benefit liabilities which are measured at the present value of the defined benefit obligation less the fair value of plan assets.

The fair value measurements, which are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and based on the significance of the inputs to the fair value measurement in its entirety, are described as follows:

- 1) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- 2) Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- 3) Level 3 inputs are unobservable inputs for the asset or liability.

c. Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and the entities controlled by the Company (i.e., its subsidiaries).

Income and expenses of subsidiaries acquired or disposed of during the period are included in the consolidated statement of profit or loss and other comprehensive income from the effective dates of acquisitions up to the effective dates of disposals, as appropriate.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the Company.

All intra-group transactions, balances, income and expenses are eliminated in full upon consolidation. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the interests of the Group and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to the owners of the Company.

See Note 10, Table 7 and Table 8 for the detailed information of subsidiaries (including the percentage of ownership and main business).

d. Other significant accounting policies

Except for the following, for the summary of other significant accounting policies, refer to the consolidated financial statements for the year ended December 31, 2021.

1) Retirement benefits

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant plan amendments, settlements, or other significant one-off events

2) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax. Interim period income taxes are assessed on an annual basis and calculated by applying to an interim period's pre-tax income the tax rate that would be applicable to expected total annual earnings.

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The Group considers the recent development of the COVID-19 and its economic environment implications when making its critical accounting estimates on cash flow projections, growth rate, discount rate, profitability, etc. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. For other information, refer to the statements of critical accounting judgments and key sources of estimation uncertainty in the consolidated financial statements for the year ended December 31, 2021.

a. Notes receivable

The aging of notes receivable for the Group was as follows:

	March 31, 2022	December 31, 2021	March 31, 2021
Not past due	\$ 302,312	\$ 415,781	\$ 260,319
Past due	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ 302,312</u>	<u>\$ 415,781</u>	<u>\$ 260,319</u>

The above aging schedule was based on the past due days.

b. Trade receivables

The average credit period of sales of goods was 30-120 days. No interest was charged on trade receivables and notes receivable for the first 30-120 days from the date of the invoice. The Group uses other publicly available financial information or its own trading records to rate its major customers.

In order to minimize credit risk, the management of the Company has delegated a team responsible for determining credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt at the end of the year to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Group's credit risk was significantly reduced.

The Group measures the loss allowance for trade receivables at an amount equal to lifetime ECLs. The expected credit losses on trade receivables are estimated by reference to the past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecasted direction of economic conditions at the reporting date. As the Group's historical credit loss experience does not show significantly different loss patterns for different customer segments, the provision for loss allowance based on past due status is not further distinguished according to the Group's different customer base.

The Group writes off a trade receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery. For trade receivables that have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognized in profit or loss.

The following table details the loss allowance of trade receivables:

	Not Past Due	1 to 30 Days	31 to 60 Days	61 to 90 Days	91 to 120 Days	121 to 180 Days	181 to 365 Days	Over 365 Days	Total

Mortgage borrowings are secured by the Group's land and buildings; refer to Note 23.

In December 2018, the Company signed a syndicated loan contract with a group of banks, including Land Bank of Taiwan and seven financial institutions, with a total loan amount of \$4.5 billion. Subject to the terms of the contract, the Company shall maintain the following ratios in the standalone financial statements for each year during the loan period:

- 1) The current ratio shall not be less than 100% (inclusive);
- 2) The debt ratio shall not be higher than 250% (inclusive);
- 3) Times interest earned (i.e., the sum of pre-tax net income plus various depreciation, amortization and interest expense, which are divided by interest expense) shall be maintained at least 2 times (inclusive) from 2018;
- 4) Shareholders' equity shall not be less than \$2.8 billion (inclusive).

In accordance with the provisions of the syndicated loan agreement, if the Company's annual standalone financial statements do not match the above financial ratios, the Company shall not be deemed to be in breach of its financial commitment if the improvement is completed within 6 months from April 1 of the following year (the improvement period), provided that the interest rate for the period from April 1 to the improvement date shall be increased by 0.125% per annum; however, if the borrower fails to complete the improvement within the improvement period, it shall (1) pay a penalty at the rate of 0.125% of the principal balance on the expiration date of the improvement period, and (2) increase the interest rate by 0.05% per annum from the expiration date of the improvement period to the actual improvement date. If the improvement is not completed and is notified by the management bank, it shall be adjusted within 3 months through capital increase via cash or such other means as agreed by the management bank. A breach of the financial ratio shall not be deemed to be a breach if the borrower fully complies with the foregoing agreement.

	<u>\$ 463,471</u>	<u>\$ 463,471</u>	<u>\$ 463,471</u>

Such capital surplus may be used to offset a deficit; in addition, when the Company has no deficit, such capital surplus may be distributed as cash dividends or transferred to share capital (limited to a certain percentage of the Company's capital surplus and to once a year).

c. Retained earnings and dividend policy

Under the dividends policy as set forth in the Articles, where the Company made a profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as legal reserve 10% of the remaining profit, setting aside or reversing a special reserve in accordance with the laws and regulations, and then any remaining profit together with any undistributed retained earnings shall be used by the Company's board of directors as the basis for proposing a distribution plan, which should be resolved in the shareholders' meeting for the distribution of dividends and bonuses to shareholders.

The Company's dividends policy shall be made based on the following: the current and future developments, investment environment, capital needs and domestic and foreign competition, and the interests of shareholders and other factors should also be taken into account. The distributable earnings shall be allocated not less than 50% of the dividends distributed to shareholders; however, the cumulative dividends may not be distributed if the dividends are less than 10% of the Company's paid-in capital; the distribution of dividends to shareholders shall be payable in cash or shares, and the cash dividends shall not be less than 20% of the total dividends.

An appropriation of earnings to a legal reserve shall be made until the legal reserve equals the Company's paid-in capital. The legal reserve may be used to offset a deficit. If the Company has no deficit and the legal reserve has exceeded 25% of the Company's paid-in capital, the excess may be transferred to capital or distributed in cash.

The appropriations of earnings for 2021 and 2020 which were proposed in the shareholders' meeting in August 2021 and approved by the board of directors in March 2022, were as follows:

	For the Year Ended December 31	
	2021	2020
Legal reserve	\$ 120,482	\$ 10,439
Special reserve	19,078	(16,071)
Cash dividends	561,052	140,263
Cash dividends per share (NT\$)	2	0.50

The appropriation of earnings for 2021 is subject to resolution of the shareholders in their meeting to be held in June 2022.

f. Compensation of employees and remuneration of directors

If the Company makes a profit in the year, 1% of the profit should be allocated for compensation of employees, which should be resolved by the board of directors and distributed in the form of share dividends or cash dividends. The employees of the Company and its subsidiaries who meet certain requirement will be allocated. The above amount of profit will also be allocated for remuneration of directors and resolved by the board of directors with less than 3% of the profit. Compensation of employees and remuneration of directors should be reported to the shareholders' meeting. However, if the Company still has accumulated losses, it should reserve the amount in advance and then appropriate the compensation and remuneration based on the abovementioned percentage.

The compensation of employees and the remuneration of directors for the three months ended March 31, 2022 and 2021, respectively, were as follows:

Cash	For the Three Months Ended March 31			
	2022		2021	
	Accrual Rate	Amount	Accrual Rate	Amount
Compensation of employees	1%	\$ 4,456	1%	\$ 1,593
Remuneration of directors	1%	4,456	1%	1,593

If there is a change in the amounts after the annual consolidated financial statements are authorized for issue, the differences are recorded as a change in the accounting estimate.

The appropriations of compensation of employees and remuneration of directors for 2021 and 2020 that were resolved by the board of directors in March 2022 and March 2021, respectively, are as shown below:

	For the Year Ended December 31	
	2021	2019
Compensation of employees	\$ 15,390	\$ 1,434
Remuneration of directors	15,390	1,434

There is no difference between the actual amounts of compensation of employees and remuneration of directors paid and the amounts recognized in the consolidated financial statements for the years ended December 31, 2021 and 2020.

Information on compensation of employees and remuneration of directors resolved by the Company's board of directors is available at the Market Observation Post System website of the Taiwan Stock Exchange.

19. INCOME TAXES

a. Income tax recognized in profit or loss

Major components of tax expense were as follows:

The Group may settle the compensation or bonuses paid to employees in cash or shares; therefore, the Group assumes that the entire amount of the compensation or bonuses will be settled in shares, and the resulting potential shares will be included in the weighted average number of shares outstanding used in the computation of diluted earnings per share, as the effect is dilutive. Such dilutive effect of the potential shares is included in the computation of diluted earnings per share until the number of shares to be distributed to employees is resolved in the following year.

21. FINANCIAL INSTRUMENTS

a. Fair value of financial instruments not measured at fair value

The management of the Company believes that the carrying amounts of financial assets and financial liabilities approximate the fair value or the fair value may not be measured reliably.

b. Fair value of financial instruments measured at fair value on recurring basis

Fair value hierarchy

	Level 1	Level 2	Level 3	Total
<u>March 31, 2022</u>				
Financial assets at FVTPL

<u>Financial liabilities</u>			
Financial liabilities at amortized cost (2)	7,888,050	8,341,429	7,087,341

1) The balances include financial assets at amortized cost, which comprise cash, notes receivable, trade receivables, other receivables, other financial assets - current and refundable deposits.

- 2) The balances include financial liabilities at amortized cost, which comprise short-term and long-term loans, notes payable, trade payables, other payables, and guarantee deposits.

d. Financial risk management objectives and policies

The Group's major financial instruments include notes receivable and payable, trade receivables and payables, borrowings and lease liabilities. The Group's corporate treasury function provides services to the business, coordinates access to domestic and international financial markets, and monitors and manages the financial risks relating to the operations of the Group through internal risk reports that analyze exposures by degree and magnitude of risks. These risks include market risk (including foreign currency risk and interest rate risk), credit risk and liquidity risk.

The Group seeks to minimize the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by policies approved by the Company's board of directors. Compliance with policies and exposure limits is reviewed by the internal auditors on a continuous basis. The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

The corporate treasury function reports quarterly to the risk management committee.

1) Market risk

The Group's activities exposed it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Group entered into a variety of derivative financial instruments to manage its exposure to foreign currency risk and interest rate risk.

There has been no change to the Group's exposure to market risks or the manner in which these risks are managed and measured.

a) Foreign currency risk

Several subsidiaries of the Group have foreign currency denominated sales and purchases, which expose the Group to foreign currency risk.

Refer to Note 25 for the carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities (including non-functional monetary items that have been written off in the consolidated financial statements).

Sensitivity analysis

The Group is mainly exposed to the US dollar. If the exchange rate of the functional currency changed by 1% against the US dollar, the net profit before tax would have changed by \$4,065 thousand and \$5,710 thousand for the three months ended March 31, 2022 and 2021, respectively.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign currency risk because the exposure at the end of the year does not reflect the exposure during the period.

b) Interest rate risk

The Group is exposed to interest rate risk because entities in the Group borrow funds at both fixed and floating interest rates. The risk is managed by the Group by maintaining an appropriate mix of fixed and floating rate borrowings.

The carrying amounts of the Group's financial assets and financial liabilities with exposure to interest rates at the end of the year were as follows:

	March 31, 2022	December 31, 2021	March 31, 2021
Fair value interest rate risk			
Financial assets	\$ 69,351	\$ 92,724	\$ 67,837
Financial liabilities	90,200	98,940	37,843
Cash flow interest rate risk			
Financial assets	1,667,637	1,514,866	1,485,726
Financial liabilities	7,288,371	7,804,397	6,844,917

Sensitivity analysis

For financial assets and liabilities, assuming all other variables were held constant, a hypothetical increase in interest rates by 25 basis point (0.25%) would have resulted in a change in the interest expense before tax by approximately \$3,513 thousand and \$3,349 thousand for the three months ended March 31, 2022 and 2021, respectively.

2) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in a financial loss to the Group. At the end of the year, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to the failure of the counterparty to discharge an obligation and financial guarantees provided by the Group could arise from the carrying amount of the respective recognized financial assets as stated in the consolidated balance sheets.

The Group transacts with a large number of unrelated customers and thus, credit risk is not highly concentrated.

3) Liquidity risk

The Group manages liquidity risk by monitoring and maintaining a level of cash deemed adequate to finance the Group's operations and mitigate the effects of fluctuations in cash flows. In addition, management monitors the utilization of bank borrowings and ensures compliance with loan covenants.

Ultimate responsibility for liquidity risk management rests with the board of directors, which has built an appropriate liquidity risk management framework for the Group's short, medium and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, and continuously monitoring forecasted and actual cash flows as well as matching the maturity profiles of financial assets and liabilities. As of March 31, 2022, December 31, 2021 and March 31, 2021, the Group had available unutilized short-term bank loan facilities set out in (2) below.

a) Liquidity and interest rate risk tables for non-derivative financial liabilities

The following table details the Group's remaining contractual maturities for its non-derivative financial liabilities with agreed upon repayment periods. The table has been drawn up based on the undiscounted cash flows of financial liabilities from the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows. Specifically, bank loans with a repayment on demand clause were included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates for other non-derivative financial liabilities were based on the agreed upon repayment dates.

To the extent that interest flows are at floating rates, the undiscounted amount was derived from the interest rate curve at the end of the reporting period.
